HEAT THERAPY

PRODUCT	BOX DIM.
<b>Contour Massage Table</b>	<b>44.75" x 24.38" x 8.875" x 26.625"</b>

**USER PROFILES**  
Contour supports two programmable user profiles, which automatically adjust to saved preferences for a consistent, personalized experience every time the device is used.

**QUALITY MATERIALS**  
Constructed with premium, durable materials selected for comfort, longevity, and performance, ensuring reliable daily use without compromising on feel or function.

**HEAT SETTINGS**  
The heat therapy function is integrated right into the cloud-soft fabric around the rollers, and offers two levels of warmth to optimize your muscle relaxation.

**HEIGHT & WEIGHT LIMITS**  
Fits heights 5' to 6'5". Adjust the neck roller position to suit your height. Supports users up to 250 lbs (113 kg). Use above this limit may compromise device performance."
